Older American month kicked off in Newberry

Curtis M. Loftis Jr., newly appointed director, Lieutenant Governor State of South Carolina Office on Aging, visited Newberry to officially kick-off May as Older American Month for Newberry County Council on Aging. Loftis and Lynn Stockman were special guests for a WKDK broadcast that recognized senior activities locally and within the State during May.

Loftis presented Margaret Brackett a Certificate of Recognition as Senior of the Day. Lt. Governor Andre Bauer recently introduced Brackett to the Senate and House in recognition of support for aging and help in building and promoting organizations that foster strong, vital senior communities in South Carolina.
